As a skilled Front-End Web Developer, I am committed to delivering clean code and perfect designs that enhance the user
experience of products. My expertise lies in creating interactive websites that are responsive and accessible on all devices,
ensuring that every user can engage with the content seamlessly. From small business sites to rich interactive web apps, I
take pride in my ability to build engaging digital experiences that captivate audiences. With a passion for innovation and an
eye for detail, I am dedicated to delivering exceptional results and driving success for every project I undertake.

Work Experience

Full stack web and software Developer Trainee

New Horizons Institute - Ikeja, Lagos Stae

February 2022 to December 2022

Remote)

• Demonstrated proficiency in Full-stack web and software development, with experience in both front-end and back-end
development using a variety of programming languages and framework.

• Integrated several external APIs (e.g., Google Maps API, FedEx API, etc.) using NodeJS for the app's location-based tracking
and shipment status alerts, and utilized version control systems (e.g., Git) throughout the development process to manage

changes and ensure code quality.

• Collaborated effectively with a team of fellow developers, dividing tasks and managing project timelines using agile
development methodologies, while demonstrating strong communication, problem-solving, and teamwork skills.

• Maintained an up-to-date knowledge of the latest web design frameworks and libraries (e.g., Tailwind, React, React Native, Vue, jQuery, etc.) to ensure the app's design and functionality remained cutting-edge and user-friendly.

• Employed version control systems (e.g., Git) throughout the development process to manage changes and ensure code

quality.

Python Developer Trainee
New Horizons Institute
May 2021 to October 2021

Remote)

• Developed a comprehensive courier tracking application using Python programming language and leveraged
JavaScript for the app's front-end interface, ensuring responsive design and cross-browser compatibility.

• Presented the app to a panel of judges and received positive feedback on its performance, functionality, and user
experience.
